### AT OUR LAST MEETING...

Our last meeting went well with six members attending in person and four attending through Zoom. Richard Dalke arrived early and was able to connect his laptop to the big screen so we were all able to see and hear one another.

At the meeting, we discussed the 2022 Artistry in Wood show. We'll need volunteers for the show committee, plus input from interested members. The Eastern Oklahoma Woodcarvers Show, slated for September 10<sup>th</sup> and 11<sup>th</sup> in Broken Arrow, will be a good opportunity for us to spread the word about our own show. If you make it up there, please be sure to mention the Artistry in Wood show to the carvers you meet. If you're in the market for carving supplies, Bigfoot Tools will be there, too.

We also discussed the possibility of having John Engler conduct a three-day relief carving class this fall. The dates have now been set for

September 13, 14, 15 for the carving class and the 16<sup>th</sup> for the painting class. The cost is \$180 for carving & \$65 for painting, including paint and supplies. So far, we have 11 signed up for the classes. Call Kent Wallace 405-819-0460 to sign up and check out projects at

After Show and Tell, Evan Vinson presented a program about repairing knife blades. We were given tips and instructions on how to fix a chip, an uneven blade, a broken tip, and how to remove an unwanted upsweep at the tip of a blade. Zoom attendees were able to watch the program as well as see each other and the members in the meeting room.

If anyone is interested in doing a presentation either at the meeting or in his or her own workshop using Zoom, please contact Evan Vinson to make arrangements.

### NOTES FROM THE PRESIDENT

I hope everyone is having a great month of carving, with plenty of project ideas for future show 'n tells. Speaking of that, let's remember to bring them to the next meeting!

We need program Volunteers people!!!!!! Show us what you're great at.

Y'all be good, and I'll see you soon.

### ROGER STEGALL CLASS

Our president, Evan Vinson, attended Roger Stegall's class last month. Here, he shares an overview and a few highlights for those of us who weren't able to be there:

*The class was really well received, both from the students and Roger/Cathy Stegall. H&H staff was a pleasure to work with, and the diner was just as delicious as it has ever been. Pork chops and chili cheeseburger were my favorites.*

*Overall, it was a very happy atmosphere with lots of side conversations and entire group conversations alike. Lots of laughing and most of all, lots of learning.*

*We all pretty well stocked up on rough outs to get us through till the next time we see Roger again. Lots of fun to be had for sure both during and after the class.*
